In addition to departmental requirements, candidates for graduate degrees must fulfill University requirements as described in the "Graduate Education" section of the UCSB General Catalog.

The M.A. in Anthropology, Integrative Anthropological Sciences (IAS) Specialization, is viewed as an integral part of preparation for the doctorate; students apply to both programs. Students have one regular quarter to revise comprehensive exams which receive a Fail score (for Spring exam, deadline is the end of following Fall quarter.) The exact timeline and required revisions will be indicated in a formal memo. If the deadline is not met, the student will be recommended to the Graduate Dean for academic probation. If acceptable revisions are not completed after one quarter on academic probation, a Fail score will be issued and the student will be recommended for dismissal.

CONTINUATION TO THE Ph.D.

Although students are admitted into the M.A./Ph.D. program, continuation to the Ph.D. is by no means automatic upon completion of the M.A. Continuation is highly competitive and subject to the student's academic performance being deemed excellent by all standards that the department uses to assess degree progress such as: exams, grades, coursework, timely progress toward the degree, and teaching (as evidenced by student evaluations and supervisor's assessments). Students must demonstrate an ability to work independently and to make innovative and original contributions to the critical literature of the student's chosen field.
